

Wellness Guide

Health care made simple
Well-being resources and support
with a personal touch

Advocate4Me

With a busy schedule, making good health a priority can be challenging. Advocate4Me can make it easier and save you time. Speak directly with experts who can help you

- Understand how your benefits work and get to the bottom of claims and benefit issues
- Figure out how to manage health conditions such as high blood pressure, high cholesterol, diabetes, or back pain
- Locate doctors, specialists, and facilities
- Reach your well-being goals such as losing weight, quitting smoking, or better managing stress

Call **+1.866.672.2511**, 8:00 a.m. – 8:00 p.m. local time (Monday – Friday).

Or, call 24x7 and say “speak with a nurse” to

- Find the most affordable care for your situation, such as when your baby has a fever at 2:00 a.m.
- Learn self-care tips to deal with an illness

If UnitedHealthcare calls you

If a nurse contacts you, answer the call. You may be surprised by the tips and information available to you. To protect the privacy of your personal information, you’ll be asked a few questions to confirm your identity. You may receive a call if

- You have a chronic medical condition
- You were recently hospitalized
- You are pregnant

UnitedHealthcare App

Download the UnitedHealthcare app to access your benefits and get help anytime, anywhere.

View your virtual health plan ID card, check claim updates, find physicians and facilities, estimate costs, and get answers to your questions.

Behavioral Health

If you or someone in your family is facing depression, anxiety, substance use, an eating disorder, or other mental health condition—your Optum Behavioral Health benefit is here for you.

Your Behavioral Health benefit offers

- An extensive network of providers around the country
- Applied Behavior Analysis (ABA) therapy
- Child and family behavioral coaching provided by Bend Health
- Faster access to care
- Individually tailored treatment plans
- Virtual behavioral coaching

Call **+1.866.728.8413** to speak with a behavioral health advocate, or visit **liveandworkwell.com**, access code **228485**.

Employee Assistance Program (EAP)

Get confidential assistance with medical, personal, financial, or emotional concerns. Master’s-level specialists are available 24x7 to help with depression, stress and/or anxiety; parenting and family concerns; substance use and recovery; and more.

As part of the program, you receive 10 free counseling sessions per concern, per year with a mental health specialist, either face-to-face or virtually. This benefit is available to you and your eligible family members—even dependents not covered on your medical plan.

To access the Employee Assistance program, call **+1.866.728.8413** or visit **liveandworkwell.com**, access code **228485**.

Calm Health

Get access to some of the Calm app’s best content and much more with Calm Health. Available at no cost to you. It’s packed with content written by psychologists, provides personalized recommendations based on your goals, includes guided meditations, sleep stories, soothing soundscapes and more.

Find Calm Health on your homepage by visiting **liveandworkwell.com** and browsing as a guest with your company access code **228485**, or simply scan the QR code below.

- ➔ If you don’t have an Oracle UnitedHealthcare medical insurance plan, you can access Calm at no cost to you. Find Calm by visiting **liveandworkwell.com** and browsing as a guest with your company access code **228485**.

myuhc.com[®]

Manage your benefits and health care at **myuhc.com**.

- Track claims and expenses
- Find network providers, care centers, and pharmacies including doctors who've met quality and cost efficiency guidelines through the UnitedHealth Premium[®] designation program
- Refill prescriptions
- Estimate health care costs

Virtual visits

Connect with an EAP specialist or your Behavioral Health Advocate through secure videoconferencing technology. This convenient option gives you secure access to clinicians who can

- Evaluate and treat general mental health conditions such as depression and anxiety
- Provide therapy
- Prescribe medications, when appropriate*

** Per state telehealth rules and guidelines*

Visit **liveandworkwell.com**, access code **228485**.

Preventive care

Regular preventive care visits and health screenings help you learn your current health status and may help identify potential health issues before they become more serious. Wondering which checkups, immunizations, and screenings you may be due for? Call Advocate4Me or visit <https://www.uhc.com/health-and-wellness/preventive-care>.

Common preventive care and screenings may include

- Annual wellness exam
- Measurements of your weight, blood pressure, glucose (blood sugar), and cholesterol
- Immunizations vaccines, such as flu shots
- Well-baby and well-child visits
- Osteoporosis screening
- Cancer screenings, such as breast, colorectal, and cervical
- Tobacco use and sexually transmitted disease screening
- Healthy diet, physical activity, and depression screening

Preventive care may be covered at 100%**

Certain preventive health services will be covered based on age, gender, and other factors without cost sharing (100% without charging a co-payment, deductible, or co-insurance), as long as you receive these services from a network provider**. If you are receiving treatment due to a symptom or an existing illness, the services provided usually won't be considered or covered as preventive care. Be sure to check your benefit plan for specific coverage details.

***Preventive care is determined by age and gender*

Maternity and fertility support

If you're expecting, get help throughout pregnancy and delivery. Enroll in the Maternity Support Program by calling an advocate at **+1.866.672.2511** to speak to a nurse, get information to help you identify health risks, and more. You'll even get a gift for mom and baby.

If you're dealing with fertility issues, enroll in the Fertility Solutions program at **+1.866.774.4626** for guidance and care. A fertility nurse will give you information on the causes of infertility, help you find high-performing in-network specialists and help you best use your health benefits.

Complex health conditions

Nurses who specialize in these areas are available to answer your questions and direct you to providers and treatment centers

- Bariatric surgery
- Cancer
- Congenital heart disease
- Infertility
- Kidney disease
- Neonatal care
- Spine and joint
- Transplants

Call Advocate4Me at **+1.866.672.2511** to get started.

Diabetes management through Teladoc

Through advanced technology and personal coaching, Teladoc can help you manage diabetes. Teladoc can also help you improve your habits to help lower your risk of developing type 2 diabetes.

Track your health trends to work toward reaching your goals, and access tips, insights, personalized lessons and more, available through the myuhc app.

Access the **UnitedHealthcare app (“myuhc”)** and search for the Teladoc tile to get started.
